LinkedIn: /anna-hickey-fotis | Portfolio: ahfotis.github.io/AHFPortfolio/#/ | GitHub: /AHFotis

Full-stack MERN web developer utilizing creative and analytical background in theatre arts to deploy purposefully designed, meticulously crafted, and universally accessible web pages and applications. Analytical and precise professional with hands-on experience in React, JavaScript, TypeScript, CSS, Bootstrap, jQuery, AJAX, mySQL, MongoDB, Node.js, Express, and Airtable. Ecstatic about team-driven work and leveraging my background and technical skill to collaborate in an equity-driven environment, creating inclusive, original, and impactful designs and applications.

TECHNICAL SKILLS
Languages and Libraries: HTML5, CSS, JavaScript ES6+, React, TypeScript, Angular
Applications: APIs, GitHub, Express.js, Salesforce, Airtable, Cosmos
Tools: Node, Query, Bootstrap, Bulma, AJAX, MongoDB, Sequelize, Handlebars.js, Axios, Inquirer, MySQL, Twilio, Mongoose, Azure, Ionic, Webdriver

PROFESSIONAL EXPERIENCE
DMC Global Inc
Full Stack Developer
Colorado, CO (remote) | Jan 2022 – Mar 2023
Developer and Quality Engineer. Contributed essential features and code quality assurance to complex customer portals and quote calculation tools.
- Utilized skill in React, TypeScript, CSS, Salesforce, and Ionic to create and maintain complex technological infrastructure and functionality according to business standards.
- Ensured overall app excellence through meticulous user acceptance testing, fixing identified issues to improve overall workflows.
- Problem solved by tracing and resolving bugs, implementing solutions for design and functionality fixes within robust applications.
- Communicated across multiple channels and teams to create communal resources and practices to foster a positive team environment.

Freelance Web Developer
Minneapolis, MN | May 2021 – Present
Freelance developer for small companies, businesses, and individuals who need application enhancements, fixes, or consultations.
- Developed database functionality using Airtable for an event coordination system.
- Collaborated with clients to architect UI enhancements and advanced application functionality while maintaining brand integrity.
- Use critical thinking, respect, equity, and the ability to work well under pressure to meet both deadlines and product criteria.

Chanhassen High School
Theatre Department Director and Choreographer
Chanhassen, MN | Sep 2014 – Present
Leadership position as total project manager from start to finish for the theatre department, collaborating with an adult team of seven while responsible for over one hundred students.
- Ability to communicate at a high level, both written and verbal, with multiple departments completing multiple projects at once.
- Employ motivational tactics rooted in respect and equity to deliver a polished final product.
- Critically solve problems in a multi-department, deadline based working environment.

PROJECTS

Snüze | github.com/AHFotis/Snueze

- **Summary:** Snüze is a tranquil React app designed to meet the needs of users who want some extra help to fall asleep comfortably.
- **Role:** Specialized Developer – created Video Chat and all Chart logic and rendering
- **Tools:** React, JavaScript, HTML, CSS, MongoDB, Mongoose, Node.js, Express, React Bootstrap, MDB React, Axios, Twilio, Web Search API, Date format, Material UI/Icons, Reach Chart.js 2, JWT, RC Slider, Circular Progress Bar

Cup Of Sugar | github.com/AHFotis/Cup-of-Sugar

- **Summary:** A full stack community forum to connect good neighbors with those in need.
- **Role:** Project Manager, Front End Developer
